We advise that individuals should consult with their GP prior to starting any new exercise or nutrition programme.

What if I have not exercised before?

Do not worry, our weight management and exercise specialists will lead the group through a low impact workout at a level that supports weight loss whilst being appropriate for varying abilities.

All you require is comfortable clothing, training shoes and a bottle of water.

Our 12 weekly 2 hour sessions consist of:

1 hour classroom session that covers subjects such as:

- The eatwell guide and food labelling
- Portion sizes
- Emotional and comfort eating
- Making healthy eating and physical activity part of your routine

45min physical activity session:

- Caters to all abilities
- Supports your own goals
- Provides a fun and supportive environment for you to increase your physical activity levels safely
- Prior to starting the programme we will invite you to an introductory information session where you can meet your instructor and group
- Confidential weight measuring at each session so we can support and track your progress
- Our sessions are led by experienced instructors who develop a great environment and allow time to socialise with other individuals to discuss challenges and success
- On completion of the 12 week course we will support you to maintain your weight loss and healthy lifestyle
- We require participants to provide us with information which will be used for monitoring and evaluation of their progress throughout the 12 week programme.
